Please know that all orders will be available for pickup or shipping in early April unless otherwise requested. Please submit orders and questions by email at [zach.czarnecki@colostate.edu](mailto:zach.czarnecki@colostate.edu) or by phone 719-225-9648.

## **Pricing Guide**

Minimum of 20lbs per variety

20lbs - \$30

50lbs- \$25

100lbs or more - \$20

Discount available for bulk

\*\*\*We have tried to keep prices low and we appreciate your business, however this year we had to raise prices to adjust for inflation and other external economic factors.\*\*\*

## **Yellows**

**AC10376-1W/Y** – A high yielding, disease resistant yellow potato, becoming popular with commercial growers in the San Luis Valley.

**CO09128-3W/Y** - The perfect small potato, high yielding but very uniform size, this variety produces a lot of B size spuds and thrives in lower fertility conditions.

## Colorado State University

### Russets

**Rocky Mountain Russet** - A high yielding, disease resistant russet variety.

**CO10091-1RU** - Great Skin Set and very uniform shape this russet is sure to impress.

Russet Potatoes

### Specialties

#### **Masquerade –**

A bi-color skin potato with yellow flesh, “the most flavorful potato on the market”

**CO05037-2R/Y “Jelly Bean”** – Fingerling type with red skin and yellow flesh, easy to grow.

**CO05028-4P/PY “Jerry Garcia”** - Purple skin with white and purple flesh, this tie dye potato is a fan favorite.

**Midnight Moon** - Purple skin with yellow flesh, this potato looks great in a medley blend or roasted as a side next to your favorite dish.

Masquerade

#### Shipping Policy
